

With over a decade of extensive touring and several independent releases under his belt, OX7GEN is at the forefront of the Drum & Bass evolution in India.

His latest singles, 'Kodachrome Sky' & 'Trinity' were released on Prog:RAM & Med School Music respectively. Over the years, Aditya has gone on to support the biggest names in Drum & Bass, including London Elektriccity, Sub Focus, Netsky, Alix Perez, Dub Phizix, and Skeptical.

Outside of Drum & Bass, he's officially remixed U2 and was the drummer for metal giants Skyharbor for four years leading to supporting the Deftones & BABYMETAL in Europe & America.
