DJ • ARTIST • SELECTOR

about the artist

The pursuit of finding a shared meaning within the intricate sonic spaces of bass-infused music led Rasa to start spinning tunes 3 years ago. Her avid understanding of dancefloor music genres such as D&B, Jungle, UKG, dub, hip-hop, electro, grime, breaks, to name a few, makes her unique sets instantly groovy, seamless & fresh.

The musical encyclopedia that she is, one can tell that there is a distinctive style & care with which she curates her selections, leaving the dancefloor captivated and always wanting for more.

Touring across India, playing shows and festivals alongside international heavyweights like Dixon, IAMDDDB, Fixate, Chinese Man, P4VAN, Madam X, Hamdi, and many more, Rasa quickly emerged to become one of the most sought-after DJs in the music scene. She was featured in Mixmag Asia as India's Bass queen and soon gained global recognition which led to her recent France tour where she wooed the french with her dancefloor grooves and also recorded DJ mixes for legendary French radios like Rinse France and Radio Nova. Fresh out from her Boiler Room debut, she intends to create an inclusive & refreshing bass music community in India and is already on her path for worldwide takeover.
